GENERAL INFORMATION

TIME — Saturday, April 2, 1960. Show - 9:30 A. M. Sale - 12:30 P. M.

LOCATION — Judging Pavilion, Cornell University, Ithaca, New York. The pavilion is on Judd Falls Road just North of New York Route No. 13 on Eastern edge of Ithaca. Ithaca is easily reached on New York Route No. 13, No. 96, No. 34 or Mohawk Airlines.

GUARANTEE — The guarantee recognized by the American Shorthorn Breeders' Association will cover the cattle sold. The guarantee is printed in the back of this catalog.

HEALTH — All animals are sold with Health Certificates to comply with the New York laws regulating Tuberculosis and Bangs Disease.

TERMS — The terms of this sale are cash unless other arrangements are made in advance and the sale manager notified of arrangement between buyer and consignor. Settlements are made with the clerk of the sale immediately at the close of the auction. All stock will be at the buyer's risk as soon as bid off. The management will attend to loading on cars or trucks in compliance with instructions from the purchasers.

REGISTRATION — A Certificate of Registry and a Signed Transfer for each lot sold will be furnished to the purchaser. An Application for Registry will be furnished with each unborn calf sold in dam.

FOOTNOTES — The footnotes were written by the consignors. Any announcement or correction of material in the catalog made from the auction stand on sale day will take precedence over the matter in the catalog.

NO LIABILITY — The New York Shorthorn Breeders' Association, its officers and directors and the employees will not be responsible for any accidents that may occur, but will make every effort to provide for the safety and comfort of guests.

MAIL BIDS — Will be sent to the Sale Manager; E. M. Huff, Livestock Breeders Journal, Warrenton, Virginia; or to the Auctioneer.

★TIMBERLEE'S MAINLINE x2995-605. Any Polled Shorthorn man will be interested in this son of the noted Lynnwood Mainline x, sire of the winning Junior Get-of-Sire at the 1957 International. Mainline x is a sire of great bulls, and this son is no exception. Timberlee's Mainline x possesses what most Polled Shorthorns greatly need - excellent head, abundance of bone and good sound legs. He has shown a gain of over two pounds a day since birth. He is an even dark roan and should dehorn his calves. The sire of the dam, Defender's Glory x, sired the dam of the Reserve Champion steer over all breeds at the recent Pennsylvania Farm Show. She is an excellent cow and a very good milker. Herd T. B. accredited and Bangs certified.

STANDARD GUARANTEE

of the American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proven to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.
5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipments shall be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
